

WULI AGRICULTURE MACHINE CO., LTD.

MISTING LINE SYSTEM

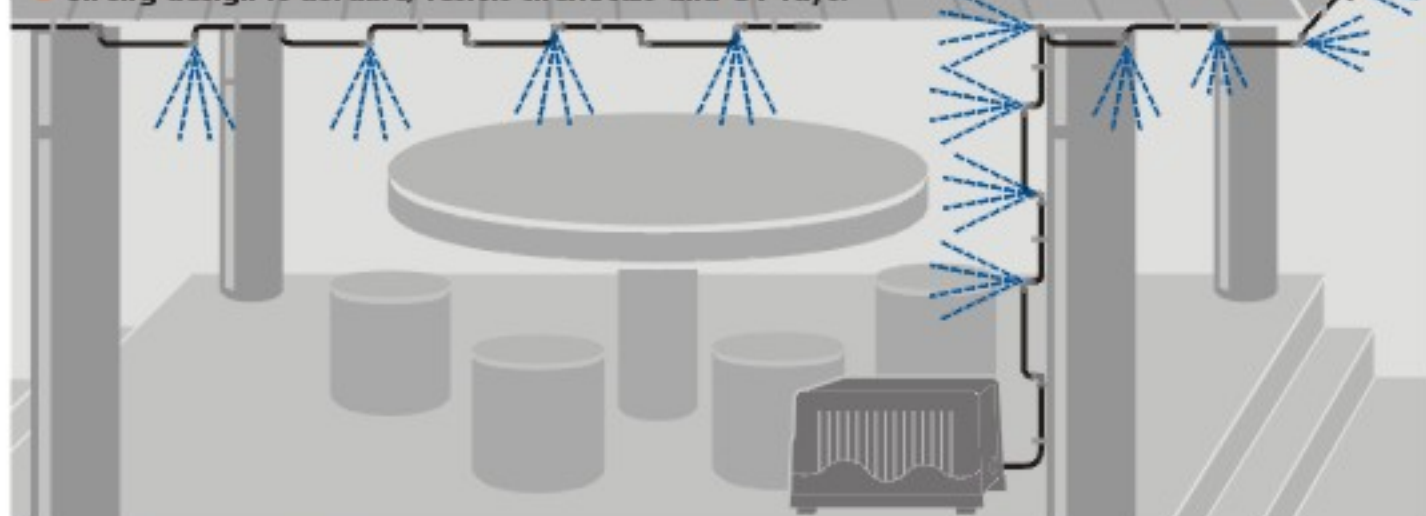

Misting Line System

FEATURES

- **Mobile Design:** Stainless steel folding design is manageable and can be moved around the house or set up in other environments.
- **Easy Connector System:** Can be easily assembled and disassembled using only two wrenches.
- **Patented Structure Design:** Fogging hose system resists high-pressure with a bursting point of 250 bar (3,600 psi).
- **Stainless Steel Pipe Design:** Folding system is easy to take down and fold up for easy transport.

Stainless Steel Folding Design

- Easy to take down and put into box.
- Strong design is durable, resists chemicals and UV rays.

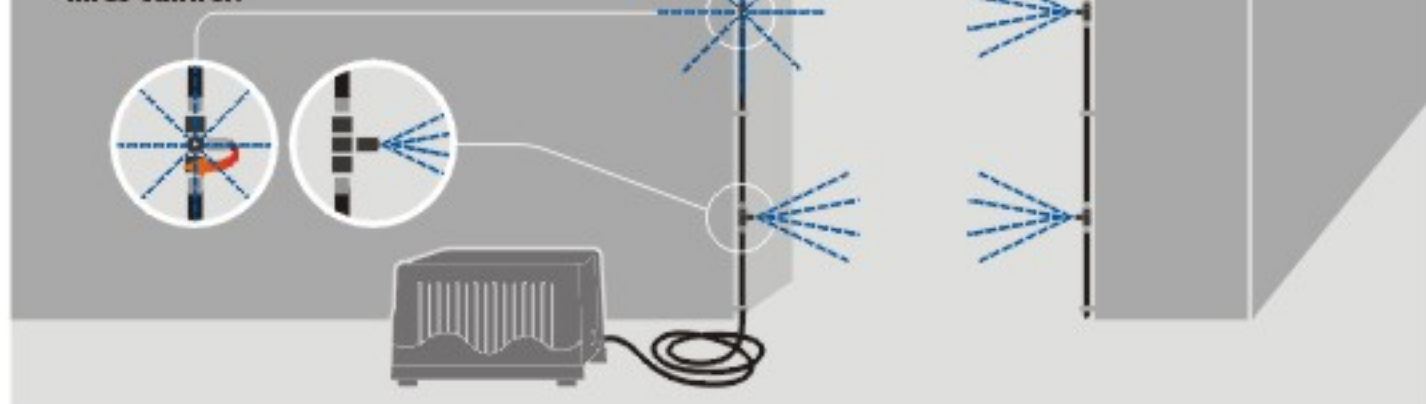

SPECIFICATIONS

Model no.	Description	O.D.	Length	Flow	Model no.	Description	Size
SST-3L-05	Folding pipe 0.5M	3/8	0.5	6-15LPM	M-03L-6A	Single nozzle L coupling	3/8
SST-3L-10	Folding pipe 1.0M	3/8	1.0	6-15LPM	M-03L-12A	Double nozzle L coupling	3/8
SST-3L-15	Folding pipe 1.5M	3/8	1.5	6-15LPM	MH-03-6A	Single nozzle hose coupling	PF1/4
SST-3L-20	Folding pipe 2.0M	3/8	2.0	6-15LPM	MH-03-12A	Double nozzle hose coupling	PF1/4

Hose Connector Design

- Nozzle connectors can be easily rotated after setup to control spray direction.
- Flexible hose can be used to fit any area, going where rigid and semi-rigid misting lines cannot.

SPECIFICATIONS

Description	Model no.	I.D./mm	Length/m	Flow/LPM	Size		WP/bar	BP/bar
Misting hose 0.5M	MH-06-05	6	0.5	6-10	PF1/4(F)	PF1/4(F)	70	210
Misting hose 1.0M	MH-06-10	6	1.0	6-10	PF1/4(F)	PF1/4(F)	70	210
Misting hose 2.0M	MH-06-20	6	2.0	6-10	PF1/4(F)	PF1/4(F)	70	210
Inlet hose 5.0M	MH-04-50	6	5.0	6-10	PF1/4(F)	PT1/4(M)	70	210
Inlet hose 5.0M	MH-01-50	6	5.0	6-10	PT1/4(M)	PT1/4(M)	70	210
